MORE INFO

NORTHDALE

FASHIONABLE WINTER JACKET

Northdale is our luxury winter jacket with several details that take the jacket in a more urban business direction, still with an elegantly refined design that characterizes a Nimbus product. The Northdale winter jacket is mainly crafted with sustainability in mind as both the shell fabric and the lovely warm Sugentro[®] padding are made from recycled polyester. The technical fabric with taped seams makes the jacket perfect for staying protected through the cold and windy winter months.

FABRIC Outer fabric: 100% Recycled polyester twill. TPU membrane - Bionic Finish[®] ECO
Lining: 100% Recycled polyester. Padding: 100% Recycled PET padding, Sugentro[®]
